The Broadway Theatre was as crowded as usual when the first picture of the piece was shown. Miss Farrar was deher in a cabaret. There the manager of to call on him and then had her sing at his opera house. It was the misfortune of the young singer that this mana-

It was not possible to locate the opera house. The manager had an umlaut, so it could not have been the Metropolitan Opera House, where there is only a hyphen. Nor could it have been the Chleago Opera company, where there is no umlaut, nor the Boston Opera company, which ends in an "f." When the day was darkest for the young singer she was driven to such desperation as the same of the home into which she moves—but save Barnabetta.

Mrs. Fiske is said to have a part admirably suited to her best comedy spirit in the new play, which introduces to the public a new form of impresarios in Corey, Williams & Ryter, who are soon to present Mrs. Fiske and she was driven to such desperation as asy was darkest for the young singer she was driven to such desperation as to apply for a position in what the film called the Century Opera company.
